

ROMGAZ Sells Electric Power

Today, 11.04.2013, further to submission of an offer to the Romanian Electricity Exchange OPCOM, ROMGAZ was awarded a contract. The bilateral contract for electric power supply will be concluded between ROMGAZ and Electrica Furnizare SA.

The electric power will be supplied continuously, during all calendar days, between hours 0°° – 24°°, at 60 MWh/h power, for 5 881 hours and for the quantity of 325,860.000 MWh. The price, including the TG transmission component, is RON/MWh 179.95, excluding VAT. Delivery period is between 01.05.2013 – 31.12.2013 and the start date of delivery is 01.05.2013, hours 0°°.

Starting with this year, ROMGAZ extended its scope of work by taking over the Iernut thermoelectric power station, and thus it became also electric power supplier.
